GENERAL INFORMATION DISCLOSURE NO. 2**

Information disclosure background and approach

[1] The Minute on General Information Disclosure No. 1 (General Information Disclosure Minute No. 1) of 8 March 2022 set out the background and approach to information disclosure. As part of that disclosure, a number of documents were sent to Interested Parties or to their counsel, including:¹

- (a) the First Response Timeline, prepared by the New Zealand Police; and
- (b) a response by Canterbury District Health Board's (CDHB) to a notice to supply information, pursuant to s 120 of the Coroners Act 2006 (Coroners Act).

¹ General Information Disclosure Minute No. 1 at [11]–[19].

[2] At paragraph [14] of the General Information Disclosure Minute No. 1, it was noted that material underlying the CDHB's written response to the s 120 notice was still to be provided by CDHB but would be disclosed once received.

[3] The same approach adopted to disclosure associated with General Information Disclosure Minute No. 1 will apply to this second general disclosure, namely:

- (a) The information will be provided to all counsel and unrepresented organisations with Interested Party status without the need for a further information request.
- (b) The same information will be available to people who are *unrepresented* Interested Parties but on request only. People who are unrepresented Interested Parties can request the information outlined in this Minute by directing a request by email to coronial.response@justice.govt.nz.
- (c) The information disclosed is not intended as a substitute for an inquest bundle which will be prepared in the usual way in due course.
